

CE RoHS

The VISIONIS VIS-2000 Door Loop is designed to protect and manage wiring between the door frame and the door in access control systems. Built with a flexible stainless steel armored hose, it ensures that wires remain secure, organized, and protected from damage caused by constant door movement. This accessory not only provides durability but also gives a clean and professional finish to your installation.

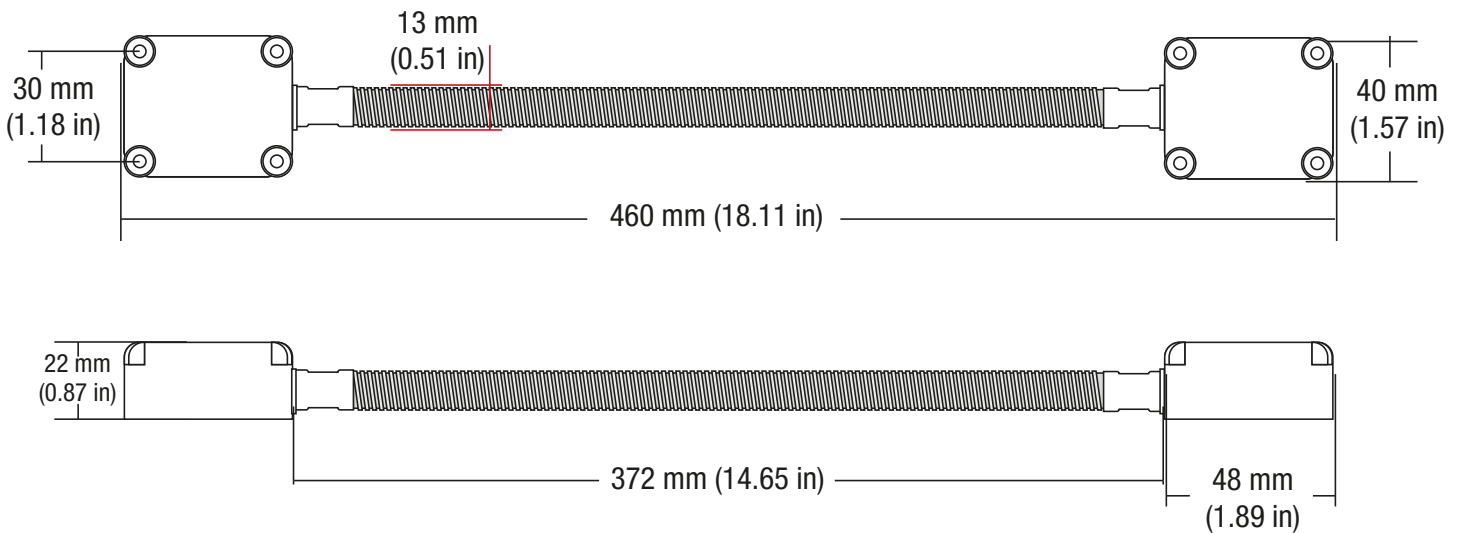

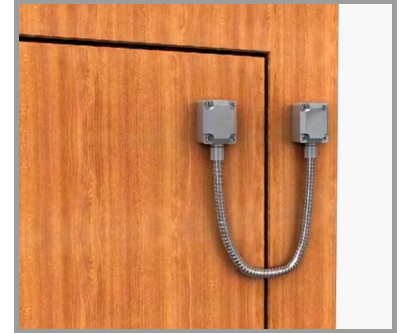

Its zinc alloy fixed seats and stainless steel hose are made to withstand heavy use, tested up to 500,000 cycles, making it an ideal solution for both commercial and residential projects. With surface-mount installation, the VIS-2000 offers a neat and efficient way to run cables, reducing wear and ensuring long-term reliability for your security system.

Model No.	VIS-2000
Product Dimensions	460 x 13 mm - (18.11 x 0.51 in)
Inner Diameter	9 mm (0.35 in)
Metal Hose Size	400 mm (15.75 in)
Material for the Ends	Zinc alloy
Metal Hose Material	Stainless steel
Weight	0.26 kg
Mechanical Life	500.000 tests
Operating Temperature	-20 °C ~ 55 °C (-4 °F ~ 131 °F)
Operating Humidity	0 ~ 95% (relative humidity)
Certifications & Compliance	CE, RoHS
Installation Mode	Surface mount
