

The VISIONIS VIS-ML300LED electromagnetic lock is engineered to deliver dependable security with a compact design perfect for smaller doors, cabinets, and access points.

With a holding force of 300lbs, it provides strong protection while maintaining low power consumption for efficient operation. The built-in LED status indicator and door status sensor add convenience, letting users quickly verify lock status at a glance.

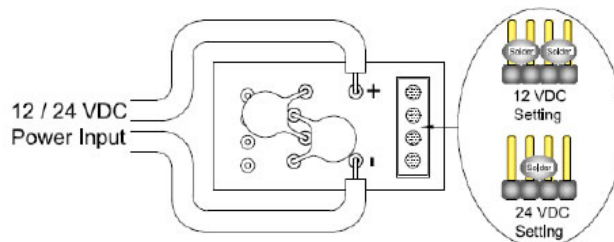

Designed for durability and quiet performance, the VIS-ML300LED ensures reliable operation in residential, commercial, or light industrial environments, making it an excellent choice for professional installers and DIY users alike.

Model No.	VIS-ML300LED-BL
Input Voltage	DC 12V / 24V
Current	12V 300 mA (±5%); 24V 150 mA (±5%)
Function	Fail Safe (It locks with power)
Holding Force	Up to 300 lbs (136 kg)
Product Dimensions	Magnet - 210L x 35W x 21T mm Armature - 130L x 33W x 11T mm
Weight	Magnet: 0.6 kg (±1%)
Color	White. The aluminum surfaces are color powder coated, the steel surfaces are anti rust treated with blue zinc plating.
LED Color	Green = Locked / Red = Powered but not locked / Off = Unlocked
Operating Temperature	0 °C ~ 55 °C (32 °F ~ 131 °F)
Operating Humidity	0 ~ 95% (non condensing)
Usage Environment	Indoor Only

Notice:

The factory default voltage setting is 12 VDC.
